EDUCATION

Guru Gobind Singh Indraprastha University

Bachelor of Arts in Computer Science, current CGPA 8.1.

Dwarka, Delhi, India

Aug. 2022 – May 2026

Govt. Boys Sr. Sec. school

Senior Secondary (XII) from science, passed with 83 percent

New Delhi, India

2021 – 2022

St. Paul's school

Secondary (X), passed with 76 percent

New Delhi, India

2019 – 2020

EXPERIENCE

Full-Stack Developer

Suhtech Pvt. Ltd.

Nov 2025 – Present

Remote

- Developed and maintained enterprise-grade HRMS and business management systems using React.js, Next.js, Node.js, Express.js, PostgreSQL, and MongoDB, implementing employee management, attendance, payroll, and RBAC modules.
- Designed scalable RESTful APIs, optimized database queries, and improved application performance through clean architecture and seamless frontend-backend integration.

Frontend Developer Intern

Farmershop Pvt. Ltd.

Aug 2025 – Nov 2025

Remote

- Built responsive and high-performance web applications using React.js, Next.js, Tailwind CSS, JavaScript, HTML5, and CSS3 with reusable UI components.
- Integrated RESTful APIs and WebSocket-based real-time features, improving user experience, responsiveness, and cross-browser compatibility.

Web Developer Intern

Suhtech Pvt. Ltd.

Mar 2025 – Aug 2025

Remote

- Developed scalable full-stack web applications using React.js, Next.js, Node.js, Express.js, PostgreSQL, and MongoDB in an Agile development environment.
- Built RESTful APIs, optimized backend performance and database queries, and contributed reusable components through code reviews and collaborative development.

PROJECTS

BKBS / Ayush Card Management System | React.js, Node.js, PostgreSQL

- Built a full-stack card management platform with secure user registration, Aadhaar verification, approval workflows, and automated card generation.
- Implemented RBAC, RESTful APIs, and optimized database queries to improve security, performance, and application scalability.
- Developed responsive dashboards with real-time application tracking, approval management, and reporting to streamline operational workflows.

Orga HRMS | Next.js, React.js, Node.js, Express.js, PostgreSQL

- Developed a full-stack HRMS application with modules for employee management, attendance, leave, payroll, and recruitment using React.js, Node.js, Express.js, and PostgreSQL.
- Implemented role-based authentication, responsive Admin & Employee dashboards, and REST API integration with a scalable, component-based architecture.
